Music and Entertainment:

Hampshire Event DJ's promise no cringey chat, and bring in uplifting plus a microphone for speeches. They also have an app where you can 'swipe left or right' on their entire song database to effectively choose your own playlist

Bands will usually provide DJ equipment and stage lighting (but check!). A dance floor is provided by the venue, however we do not provide a stage (not essential but be aware). <https://www.functioncentral.co.uk> is a good place to start when looking for bands, including for specialist music and entertainment e.g. Ceilidh bands.

Anything lighting/electrical related and for Stretch Tents:

We strongly recommend using <https://www.allthekit.com> who regularly install stretch tents to extend the carriage room, and festoon canopies in the dance floor and across the entire courtyard. They can also light the way to the car park, camping field, upright trees and provide a PA system.

Glamping:

Together Tents - www.togethertents.co.uk

Hay Bales, Umbrellas and Blanket hire:

We can provide hay-bales for garden ceremonies, but do not provide seat covers for the bales.
